We are very happy to announce that [11th Euro Breast Cancer Summit](#), which is going to be held in Prague, Czech Republic in the month of April 29-30, 2020. The Conference works under the Theme: "Cancer and Therapies: Fight together for a Cancer free World".

[Cancers](#) are a group of diseases in which abnormal cells uncontrollably develop and spread in the body. More than 100 types of cancer affect humans. Globally, it is the second leading cause of death, accounting for one in every seven deaths worldwide. Over the last two centuries, though, scientists have worked hard to understand how cancer forms, how it can be prevented, and how to treat it. Nowadays, with several types of cancer, the diagnosis for those who have early treatment is positive, with 14 million cancer survivors living in the United States alone. [Cancer Conferences of the Conference Series LLC Ltd.](#), serve as a platform to bring together all the researchers working in the field to develop an area of scientific study that will continue to expand into the future.

In 2019, [Oncology Conferences](#) are primarily focused on important topics such as breast cancer awareness & breast cancer detection, prevention, diagnosis, breast implant, breast cancer staging, breast

cancer & cell biology, breast cancer surgery, and clinical consequences of [breast Capsulectomy](#).

The worldwide oncology/cancer drugs market was valued at \$97,401 million in 2017, and is predictable to reach at \$176,509 million by 2025, registering a CAGR of 7.6% from 2018 to 2025. Cancer is a disease, which involves the abnormal growth of cells those results in the formation of a tumor.

The [Conference Series Oncology Science Conferences](#) embrace Research Scholars, Academic Professors, and Surgeons who endeavor to disseminate their research experience to escalate the forthcoming research ideas. Conference Series LLC Ltd. is an open resource platform that conducts 3000+ global events including international conferences, workshops, symposia, [trade shows](#), exhibitions & science congresses in all the major scientific disciplines, including clinical, [medical](#), pharmaceutical, engineering, technology, business management & life sciences across America, Europe, The Middle East, and Asia Pacific.
