

Editorial on colorectal cancer Said A Al-Busafi*

Received: July 16, 2021; **Accepted:** July 26 2021; **Published:** July 30, 2021

Journal of colorectal cancer (ipjcc) extends a warm welcome to the researchers, scholars, academicians, clinical and medical practitioners to contribute their original research on community medicine.

Colorectal Cancer

an open access is a fast growing open access journal for researchers to share their views on the latest development in the field of colorectal cancer research. Colorectal cancer is one of the recurrently occurring malignancies worldwide with about 1.8 million newly diagnosed cases in 2019. It is third most common cancer worldwide.

The treatment of colorectal cancer can be aimed at cure or palliation. On the basis of stages of colorectal cancer different types of treatment are available for patients. Three main primary treatments are Surgery, Chemotherapy, and Radiation therapy. There are so many advanced techniques are a ablation, immunotherapy, partial colectomy, endoscopic mucosal resection, sigmoidoscopy, targeted therapy some are being tested in clinical trials depend on health issues.

As well as reflecting the traditional core subjects of colorectal cancer Colorectal polyp, Journal of Adenocarcinoma, Journal of Neoplasm, Archives in Cancer Research, Clinical Colorectal Cancer, Current Colorectal Cancer Reports, Open Colorectal Cancer, Colon cancer statistics, International Journal of Colorectal Disease, Colon cancer. . I am pleased to announce that, till now all issues of volume 7 were published online well within the time and the print issues were also brought out and dispatched within 30 days of publishing the issue online during the year of 2021.

All published articles of this journal are included in the indexing and abstracting coverage of Index Google Scholar, Journal TOCs, China National Knowledge Infrastructure (CNKI), Directory of Research Journal Indexing (DRJI), World Cat, Publons, Search Engine, Labs Studies receiving funding from a funding organization that is included on the list of PMC and Research Funder Policies or authors having NIH grant were submitted to PubMed.

Be an Open access journal all the published articles can be accessed online without any subscription charges and will receive the benefit of extensive worldwide visibility. The Journal assures quality information by following mandatory peer review process. All the submitted manuscripts undergo peer review by the subject experts under the supervision of the Editor-in-Chief or assigned Editorial committee member of the Journal of Colorectal Cancer.

Colorectal polyp is a small clump of cells that forms on the lining of the colon large intestine. Most colon polyps are harmless. But

over time, some colon polyps can turn into colon cancer. Polyps forms when the genetic material within the cells lining the colon changes and becomes abnormal. Symptoms include bleeding from the polyp.Types of polyps include Adenomatous polyps, Genetic adenomatous polyp syndromes, Hyperplastic polyps, Hamartomatous, Juvenile and Inflammatory polyps.

Related Journals of Colorectal Polyps

International Journal of Digestive Diseases, Archives in Cancer Research, Journal of Neoplasm, Postcolonial Studies, Colon cancer research, Journal of Commonwealth and Postcolonial Studies, Colon cancer journals, Colon and Rectum, Colonial Latin American Historical Review.

3rd issue of Volume7 published during the year of 2021, a total of 5 articles were published (at an average of 5 articles per issue) of which, articles were published from authors all around the world. Globally articles have been accessed by the research scientists and also cited.

I take this opportunity to acknowledge the contribution of Guofeng Xie (USA.), and Amikar Sehdev (USA) during the final editing of articles published and the support rendered by the editorial assistant, in bringing out issues of JCMHE in time.

I would also like to express my gratitude to all the authors, reviewers, the publisher, the advisory and the editorial board of IPJCC, the office bearers for their support in bringing out yet another volume of IPJCC and look forward to their unrelenting support to bring out the Volume 8 of IPJCC in scheduled time.
